DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claim 12 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

The claimed method (claim 12) is the same as the claimed method 8. However, the products of claims 6 (by the method of claim 8) are different from the product of claim 7 (by the method of claim 12). See the example 11 (product of claim 7) in the present specification, which the starting material R- (-)-1-phenyl-1, 2-ethanediol is different from the compound 2 of (R)-2-Phenyl-2- (tetrahydro-pyran-2-yloxy)-ethanol (see examples 1, 4-5 and 8). Therefore, the claimed method of claim 12 will not lead to the product of claim 7 by using the same method of claim 8.

2. Applicant's arguments filed 12/12/06, with respect to the rejections of the previous Office action have been fully considered and are persuasive. Therefore, the rejections have been withdrawn. However, upon further consideration, a new ground of rejection is made in section above.

Allowable Subject Matter

3. Claims 6-11 and 13-15 are allowed.

Art Unit: 1756

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
